Prep Time

Fill and boil your kettle. Slice the **mushrooms**. Drain and rinse the **lentils** in a sieve, crush **half** of the **lentils** using a fork. Roughly chop the **parsley** (stalks and all). Roughly chop the **walnuts**.

Start The Sauce

Heat a splash of **oil** in a large frying pan over high heat. When hot, add the **mushrooms** and cook until browned 3-4 mins, stirring occasionally.

Cook the Pasta

Meanwhile, fill a large saucepan with the boiled **water** and ½ tsp **salt** for the **linguine**, pop on a high heat and bring to the boil. When boiling, add the **linguine** and cook until tender, 12 mins. Once cooked, drain in a colander and pop back in the pan. Drizzle with **oil** and stir through to stop it sticking together.

Simmer the Sauce

Whilst the **pasta** cooks, add the **Italian herbs**, **tomato puree** and both the crushed and whole **lentils** to the **mushrooms**. Cook stirring for a minute, then pour in the **chopped tomatoes** and **water** (see ingredients for amount). Stir in the **red wine stock paste**. Reduce the heat and simmer until thickened, 8-10 mins, stirring occasionally. Once cooked, add the **spinach** to the **lentils** a handful at a time and cook until wilted and piping hot, 1-2 mins.

Make the Topping

Next, in a small bowl, mix the **walnuts** with the **parsley**, **half** the **grated hard Italian style cheese** and a drizzle of **olive oil**.

Serve

Taste and season your **sauce** with **salt** and **pepper** if necessary. Combine the **linguine** with the **lentil bolognese**. Stir in the remaining **cheese** and divide the **mixture** between your bowls. Finish with **dollops** of the **cheesy parsley and nut mixture**.

Enjoy!

There may be changes to ingredients in recipes:

Allergens: Always check the packaging of individual products/ingredients for up to date information.

Missing Ingredients: You will be notified by email if an ingredient is missing or replaced, with any potential recipe step changes.
